

PVT. ROBERT H. GRAHAM COMPLETES ADVANCE TRAINING

Army Pvt. Robert H. Graham, son of Mr. and Mrs. Robert P. Graham, 4710 Sepulveda, Torrance, completed advance individual training Nov. 15 at the Air Defense Training Center, Fort Bliss, Tex. Graham was trained in the duties of a missile crewman. He entered the Army last July and completed basic training at Fort Ord. The 18-year-old soldier is a 1960 graduate of South High School.

Annual Advent Quiet Day Observed by Episcopal Women

Annual Advent Quiet Day for Episcopal Churchwomen will be held on Tuesday, November 29 from 10 a.m. until 2 p.m. at St. Andrew's.

Women from St. Timothy's, Compton, and St. Martin's, Compton, will join with St. Andrew's for this event. Father Percy will give four meditations.

On St. Andrew's Day, Wednesday, November 30, a Parish-wide Corporate Communion and Dinner for Men and Boys will be held at St. Andrew's beginning at 6:30 p.m.

There is no fixed charge for the dinner, which is sponsored by the St. Andrew's chapter of The Brotherhood of St. Andrew, and all men and boys of the Parish are invited to attend.

DAN WEBBERS DINE

Entertaining a small gathering of friends with cocktails and dinner at The Pen and Quill Restaurant in Manhattan Beach recently were Mr. and Mrs. Daniel L. Webber of Torrance, who were making their return from a two-week holiday in Hawaii.

SAFETY PROGRAMS

Safety programs for bicycle riders are conducted by the California Highway Patrol in public schools all year round.

POETIC JUSTICE

An Italian doctor says he has a gadget which relays a snorer's snores back into his own ears, waking him up and so stopping the snoring.

A substance used to cure athlete's foot has also proved successful in relieving painful hand and arm conditions. Nobody knows why yet. It's not the first time medical research has come up with an unexpected bonus. A drug first tested in treating tuberculosis was found to be useful in combating depression.

DINING VISITORS

Among the recent celebrants at the Pen and Quill Restaurant in Manhattan Beach were Mr. and Mrs. Donald Matofsky of Torrance, who hosted a dinner party for Mr. and Mrs. R. E. Bechtold, who are visiting here from Hammond, Ind.

'Madonna Row' Represents Yule Spirit at El Camino

Christmas spirit at El Camino College will soon be represented by the famous Madonna Row reproductions of great works of art representing the Madonna and Christ child.

Replicas to be exhibited in front of the El Camino College Administration Building during the Christmas season will consist of mosaics, paintings and stained glass.

Mildred K. Walker, El Camino art instructor, announced that an 11th century bookbinding made for Bishop Bernward of Hildesheim is being reproduced by the art department and will be exhibited for the first time during the holiday season.

GOLD AND JEWELS

Original bookbinding was gold with inset jewels and contained an ivory panel in the center.

Replica will be six feet wide and eight feet long. Side panels, which will be of tooled metal, will be set with simulated jewels. Original ivory panel is to be copied first in clay, and a plaster mold cast of the model. Final casting of the panel will be in hydrostone.

Miss Walker is coordinating the annual Christmas art presentation and Richard L. Oliver and Joseph E. Gladden, also instructors within the art department, are assisting her.

"Through a desire to establish the True Christmas spirit at El Camino and stay in keeping with the modern structure of the college," Miss Walker said, "Madonna Row was inaugurated in 1958."

TWELVE SCENES

Twelve pieces of art will make up this year's showing of Madonna Row.

They are: Madonna of the Harpies—an oil painting which is a replica of Andrea del Sarto's, Gian Batista Piazzetta's "Virgin and the Child," Raphael's "The Cowper Madonna," El Greco's "The Virgin with Santa Inez and Santa Tecla," Jan Van Eyck's "Ince Hall Madonna," Botticelli's "The Virgin and Child," Lorenzo Lotto's "Rest on the Flight to Egypt," and Raphael's "Madonna Tempi."

"Blue Madonna of Chartres," a reproduction in stained glass, was added to the row in 1956. Twelfth century mosaic "Madonna and Child," from a Byzantine prayer book, was completed for display in 1954.

"The Nativity Panel" from the Isenheim alterpiece was reproduced in 1959. "Nativity," a 12th century Byzantine mosaic from a small village in Greece, which was reproduced in 1958, will also be shown.

Harbor College Prexy Named to California Educational Committee

Harbor College President Wendell C. Black has been named a member of the Commission on Higher Education for the State of California, according to an announcement today by Dr. Arthur F. Corey, state executive secretary for the board of directors of the California Teachers Association, which makes commission appointments.

Black will succeed Dr. John L. Lombardi of Los Angeles City College and will serve as commissioner for three years, beginning in January, 1961, with the possibility of appointment for an additional 3-year term.

"President Black is a distinguished educator and an expert on junior college education," Dr. Frederick W. Hill, commission executive, stated today in commenting upon the appointment. "We are delighted that he has accepted membership on the Commission on Higher Education."

ADMINISTRATORS

The 14-member commission is made up of outstanding administrators and instructors in various fields from public and private junior colleges, colleges, and universities in California. It is headed by a chairman designated by the CTA state board of directors and meets the fourth Saturday of each month at various locations in the state.

The present commissioners were originally chosen from 140 nominations made by prominent California educators and educational organizations over a year ago. On the basis of interviews and data sheets, the number of candidates was reduced to sixty, and later to forty, top ranking men and women, from among whom appointments are made.

The seven purposes and functions of the commission are officially stated as follows: to study issues confronting higher education in California and to acquaint the profession and the public with these issues; to recommend to the California Teachers Association policy on action and legislation relating to colleges and universities to foster improved conditions of work in colleges and universities.

EXPEND FUNDS

To lend support to the efforts of the profession to improve collegiate instruction; to stimulate long range planning for the effective expenditure of funds provided for educational purposes; to complement existing leadership in the total program of higher education; and to promote close cooperation among elementary, secondary, and collegiate institutions.

The commission also carries on research programs dealing with higher education in California, makes recommendations to the governor for nominees to the state college board of trustees, visits educational institutions and associations, and distributes educational materials, such as "Higher Education News Briefs," which reaches all full time faculty members and administrators in all segments of higher education in the state.

South Bay Area Mental Health Committee Set

A joint committee on Mental Health sponsored by the Harbor Area Welfare Planning Council and the Harbor District Mental Health Service has been established, announced Mrs. C. B. Walsworth, at a recent meeting of the Council's board of directors.

"The impressive need for broad community planning to meet the needs of improving our present mental health services was the basis for establishing this committee of citizens, clergymen, health, school, and social agency representatives and private physicians," said Mrs. Walsworth, chairman of the joint committee.

Activities of the committee for the coming year will be focused on a series of projects designed to bring to life the one hundred recommendations of the county-wide Mental Health survey recently published and distributed by the Welfare Planning Council, Los Angeles Region.

HOME GARDENERS

Home gardeners overlook the ornamental value to be derived from winter ripening citrus—especially Robertson and Washington Navel oranges. Both are available in dwarf rootstock.
